

CATALOG NO. 15

Marshalltown Trowel Co.
MARSHALLTOWN, IOWA, U.S.A.

Established 1890

Foreword

★ THE MARSHALLTOWN TROWEL COMPANY is the result of the vision of a man who more than fifty years ago, in a blacksmith shop, made the first MARSHALLTOWN finishing trowel.

Original in design, and of the highest quality, this trowel took and has maintained the leadership. As the enterprise grew its scope widened and its activities produced other new tools and notable improvements covering the entire line of masons tools.

A complete line of MARSHALLTOWN trowels and masons tools of the highest quality go into the markets of the world and are recognized by users as preeminently the best.

The MARSHALLTOWN TROWEL COMPANY is the largest exclusive manufacturer of this line in the world.

Marshalltown Finishing Trowels

[FOR PLASTERERS]

THE XTRALITE

The Original Aluminum Mounted Trowel

★ This trowel has a forged aluminum alloy mounting, very light but strong as steel. The flexible blade is of highest grade spring steel; it is fastened to the mounting with 10 hard steel rivets. The basswood handle is held tightly by a brass nut and washer.

Cement Finishing Trowels

THE XTRALITE

Aluminum Mounting

Regular Handle

★ This tool is especially designed for finishing cement. The blade is properly shaped and the balance of the trowel is perfect. Highest grade spring steel is used in the blade which has the flexibility, temper and toughness needed for the job. The aluminum alloy mounting is very light but strong as steel. Twelve inch trowels have 10 rivets and fourteen inch trowels have 12 rivets. The smooth finished basswood handle is held firmly by a brass nut and washer.
